this volume comprises select proceedings of the international conference on humanizing  
work and work environment organized by the indian society of ergonomics hww2019 the  
book presents research findings on different areas of ergonomics for developing appropriate  
tools and work environment considering capabilities and limitations of working people for  
maximum effectiveness on their performance this volume will be of interest to academics  
professionals and practitioners in the field of ergonomics

the active economy incorporates several disciplines that include sport performance sport  
business recreation tourism physical activity urban planning leisure and health and  
wellness among others from an academic and policy perspective these disciplines are  
typically viewed as distinct with only limited spillover and consequently limited research  
explores the interaction between them however each individual sector can be studied as  
interdependent rather than autonomous by viewing the various sectors as part of a complex  
active ecosystem policymakers and practitioners are better positioned to shape broad  
opportunities while maximizing the community value of sports recreation and wellness

understanding the active economy and emerging research on the value of sports recreation and wellness provides a new view on the fields of sport recreation and health and wellness by exploring the interaction between these traditional separate disciplines it includes sub groups of the active economy such as health and wellness active apparel and accessories active equipment and sports betting but also ties in sub groups from the ancillary sector such as tourism design and infrastructure media and content and professional services this book is intended for professionals educators and researchers working in the fields of sports recreation and health and wellness as well as economists executives managers practitioners stakeholders researchers academicians and students interested in how sports recreation and wellness operate in the active economy

this volume of eurasian studies in business and economics includes selected papers from the 22nd eurasia business and economics society ebes conference in rome it presents original empirical research from several countries and regions including many developing economies such as poland russia tunisia lebanon belarus and lithuania both the theoretical and empirical papers in this volume cover diverse areas of business and management from various regions the main focus is on sharing the latest research results on evolving approaches to entrepreneurship research behavioral aspects of entrepreneurship and sme development and policy development the volume also includes related studies that analyze international business cooperation performance assessment and a range of other current topics
