this updated edition provides an ideal teaching text for first year university and college courses

how can sociology contribute to positive social work practice this introductory textbook uses pedagogical features such as chapter summaries numerous examples a glossary activities and annotated further reading

from gender theories to the emergence of an underclass anthony giddens selection of contributions maintains a distinctive approach to sociology with its readable and lively style

providing an understanding of the impact of social circumstance on women giving birth their babies and families in the 21st century this title explains to midwives and other health professionals how social issues such as domestic violence race and poverty can affect the birth progress

developments within various sub fields of international law influence international investment law but changes in investment law also have an impact on the evolution of other fields within international law through contributions from leading scholars and practitioners this book analyses

specific links between investment law and other sub fields of international law such as the law on armed conflict human rights sustainable development trade development and eu law in particular this book scrutinises how concepts principles and rules developed in the context of such sub fields could inform the content of investment law solutions aimed at resolving problems in other settings may provide instructive examples for addressing current problems in the field of investment law and vice versa the underlying question is whether key sub fields of public international law notably international investment law are open to cross fertilisation or whether they are evolving further into self contained regimes

papers presented at the fifteenth international conference on patristic studies held in oxford 2007 see also *studia patristica* 44 45 46 48 and 49 the successive sets of *studia patristica* contain papers delivered at the international conferences on patristic studies which meet for a week once every four years in oxford they are held under the aegis of the theology faculty of the university members of these conferences come from all over the world and most offer papers these range over the whole field both east and west from the second century to a section on the *nachleben* of the fathers the majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents dates of events and such like and some unveil new texts the smaller number of longer papers put such matters into context and indicate wider trends the whole reflects the state of patristic scholarship and demonstrates the vigour and popularity of the subject

a comprehensive collection of classic and contemporary readings in the sociology of health the sociology of healthcare will stimulate debate reflexive practice and critical thinking in applied sociology and is aimed at the teaching and learning needs of both lecturers and students

the second edition of this popular text introduces a wide range of traditions in sociology and the humanities that offer provocative contextual views on law and legal institutions

this book puts to the test the prominent claim that social class has declined in importance in an era of affluence choice and the waning of tradition arguing against this view this study vividly uncovers the multiple ways in which class stubbornly persists

now available in a discounted bundle buy the exciting new sixth edition of anthony giddens s sociology alongside the specially tailored and revised selection of key sociological works in sociology introductory readings the main textbook provides an authoritative overview of recent global developments and new ideas in sociology classic debates are also given careful coverage with even the most complex ideas explained in an engaging way the reader offers a stimulating and wide ranging set of readings to enable students to get to grips with original sociological thinking a strong emphasis has been placed on creating a productive mixture of classic and contemporary readings which is highly readable and lively yet remains challenging together the two books provide an engaging and thorough introduction to the full scope of sociology a comprehensive resource for all students for additional support and material please visit the accompanying website at politybooks.com/giddens6

this book explores the importance of legal contexts and institutional settings to international law interpretation and application

textbook

social life is in a constant process of change and sociology cannot afford to stand still sociology today is theoretically diverse covers a huge range of subjects and draws on a broad array of research methods central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies though our understanding of these concepts is constantly evolving and changing this clear and jargon free book introduces a careful selection of essential concepts that have helped to shape sociology and others that continue to do so going beyond brief dictionary style definitions anthony giddens and philip w sutton provide an extended discussion of each concept which sets it into historical and theoretical context explores its main meanings in use introduces some relevant criticisms and points readers to its ongoing development in contemporary research and theorizing organized in ten thematic sections the book offers a portrait of sociology through its essential concepts ranging from capitalism identity and deviance to citizenship the environment and intersectionality it will be essential reading for all those new to sociology as well as those seeking a reliable route map for a rapidly changing world

this work on the history of tax law presents the papers delivered at the third tax law history conference in 2006 organised by the centre for tax law in the law faculty at cambridge university the papers deal with a range of topics and though the breadth of topics is broad it is not devoid of pattern the majority of the papers deal with themes connected with continental europe law and empire international law and the problems of progression and the tax system as a whole the papers by leading tax scholars from all over the world once again illustrate a wide variety and depth of learning on tax history and highlight the important issues waiting to be investigated in this rapidly growing field of scholarship

covers 15 broad subject groupings social sciences generic psychology sociology social work social welfare politics government law finance accountancy taxation industries utilities business management education learning sport media communications information library sciences and tools for information professionals

the only exploration of this unique group in british society this well argued and powerful book investigates the fascinating contribution that western converts to islam are making to a distinctive take on islamic thought and discourse informed by interviews with british converts as well as published and internet material zebiri asks whether converts could act as much needed mediators in the growing divide between islam and the west

this innovative book examines the social context of food and nutrition by exploring the socio cultural political economic and philosophical factors that influence food production and consumption

includes section review of books
