the time has come for a serious debate on the future involvement of the united states in the middle east and this original and provocative analysis challenges the prevailing wisdom of the washington foreign policy establishment hadar provides a sweeping reexamination of the conceptual bases of american policy and proposes a strategy of constructive disengagement from the region a policy of benign neglect as a way of promoting the interests of the united states as well as those of the people of the middle east in sandstorm hadar calls for regional states and the european union to take increased responsibility for security economic growth and political stability this bold and innovative critique will inject new energy into the policy debate

the study is a fresh interpretation of the roman foundation myth and one of the most important roman festivals the lupercalia an annual celebration of youth and sexuality by roman men and women written with clarity and force the book spans the whole of roman history and takes the lupercalia back to its indo european roots by presenting clear parallels between roman and indian traditions

this is the first major book to explore uniquely haudenosaunee iroquois and specifically oneida components in the native american oral narrative as it existed around 1900 even as anthony wonderley studies time honored themes and such stories as the haudenosaunee account of creation he breaks new ground examining links between legend history and everyday life

wonderley examines how oral traditions are born and develop uncovering tales told over the course of 400 years wonderley further defines and considers endurance and sequence in oral narratives and explores possible links between oneida folklore and material culture arguably the most complete study of its kind the book will appeal to a wide range of professional disciplines from anthropology history and folklore to religion and native american studies

praise for the previous edition this encyclopedia allows the student to realize the richness and diversity of the native american beliefs to the forefront of the world religions highly recommended book report recommended for public library school and undergraduate reference collections booklist the wealth of information make this useful for both public and academic libraries library journal despite a long history of suppression by governments and missionaries native american beliefs have endured as dignified profound viable and richly faceted religions encyclopedia of native american religions third edition is the go to reference for the general reader that explores this fascinating subject more than 1 200 cross referenced entries describe traditional beliefs and worship practices the consequences of contact with europeans and other americans and the forms native american religions take today coverage includes biographies of figures such as thomas stillday jr an ojibway and the first indian chaplain in the minnesota state legislature court cases concerning prisoners religious rights national and state legislation such as the native american church bill and the religious freedom restoration act religious rights in the military sacred sites such as snoqualmie falls and the sacred use of tobacco tribal court cases involving the participation of non indians in native american religious ceremonies such as the sun dance

stories of twins are told with astonishing frequency in contemporary culture films and novels from recent decades repeatedly tell of the stranglehold of brotherly love the evil twin who steals her sister s lover the homicidal mutant twin the reunion of twins separated at birth warring twins and confusion between look alikes twins in contemporary literature and culture asks why we keep telling twin tales and how these have been transformed in recent retellings to reflect the preoccupations of the times

robert graves classicist poet and unorthodox critic retells the greek legends of gods and heroes for a modern audience and in the two volumes of the greek myths he demonstrates with a dazzling display of relevant knowledge that greek mythology is no more mysterious in content than are modern election cartoons his work covers in nearly two hundred sections the creation myths the legends of the births and lives of the great olympians the theseus oedipus and heracles cycles the argonaut voyage the tale of troy and much more all the scattered elements of each myth have been assembled into a harmonious narrative and many variants are recorded which may help to determine its ritual or historical meaning full references to the classical sources and copious indexes make the book as valuable to the scholar as to the general reader and a full commentary on each myth explains and interprets the classical version in the light of today s archaeological and anthropological knowledge
