this book gathers papers addressing state of the art research in all areas of information and communication technologies and their applications in intelligent computing cloud storage data mining and software analysis it presents the outcomes of the sixth international conference on information and communication technology for intelligent systems ictis 2022 held in ahmedabad india the book is divided into two volumes it discusses the fundamentals of various data analysis techniques and algorithms making it a valuable resource for researchers and practitioners alike

this companion offers a unique introductory study of linguistics in india well supplemented with sample problems and linguistic puzzles to bolster analytical skills and logical reasoning it promotes a unique inquiry based approach to learning linguistics the volume looks at all the major subdisciplines of linguistics including phonetics phonology morphology semantics syntax and the interdisciplinary domains of psycholinguistics and neurolinguistics it provides a wealth of data not only from many indian languages belonging to the primary language families present in the country indo aryan dravidian austro asiatic and tibeto burman but also from the endangered languages of the tai kadai family of assam and the greater andamanese family the author gives a holistic view of the linguistic landscape of india and fills a significant gap in the study of the lesser known languages of south asia this volume will be an excellent resource for students and researchers of indian languages cultural studies south asian studies and all branches of linguistics

for a post human hitchhiker human life with its anxiety ageing illness and constant need for problem solving may look unviable yet for humans the life struggle is softened by human touch human emotion and human cooperation the global encyclopaedia of informality volume 3 continues the journey of the two previous volumes into the world s open secrets unwritten rules and hidden practices it focuses on issues of emotional ambivalence and pressures of the digital age the informal practices presented in this volume demonstrate the urgency of alleviating tensions between continuity and all too rapid change and the need to tackle the central problem of modern societies uncertainty the volume takes a reader on a biographical journey through elusive taken for granted or banal ways of getting things done from over 70 countries and world regions it offers innovative understanding of the significance of fringes and challenges the assumption that informality is associated exclusively with poverty underdevelopment the global south oppressive regimes or the former socialist countries of eastern europe and central asia it also maps the patterns of informality around the globe identifies specific informal practices in a context sensitive way and documents their ambivalent impact on people engaged in problem solving on

societies in which these problems arise and on humanity overall praise for the global encyclopaedia of informality volume 3 this book tells a story of human cooperation it is not the narrative you ll find in books teaching you how to solve problems it is an assemblage of something much more endemic fundamentally human and much more pervasive than we tend to think of informality it involves money and power but also the alternative currencies of gaining advantage or gaming the system bruce schneier author of a hacker s mind alena ledeneva s latest database of rule bending is a goldmine for documentary makers and storytellers entries from 70 countries covering a human lifespan from chinese anchor babies to funeral feasts in azerbaijan offer remarkable insights into the way the world really works lucy ash journalist

this book provides an in depth understanding of how children s development at different stages of their lives interfaces with the kind of education and support they need at school and home it examines closely how education in turn influences their development and prepares them for an uncertain future the chapters focus on the rapid developments of the 21st century that are changing the nature of education especially the shift needed to being able to sift through and meaningfully deal with overwhelming volumes of information now available this book helps readers understand how children can benefit from the digital environment while avoiding its pitfalls keeping in mind that in today s world parents are getting to spend less time with their children the authors provide research backed ideas on how they can best enable children s development including their thoughts feelings and notions of self given the increasing disparities there is a perceptive analysis of how education can build an awareness of equity in a context marked by diversity and disadvantage this book addresses issues such as these in a reliable scholarly yet accessible manner for students young researchers and lay readers consequently it is a valuable source of fundamental insights and understanding for educators policy makers educational administrators and students of human and child development education and teacher training courses

throughout its 65 year history the international association for media and communication research iamcr has sought to facilitate international exchanges and research collaborations among academics and journalists in the field of media and communication created during a time of strong ideological tension following world war ii in 1957 and with the support of unesco the contributors to this edited collection highlight how the iamcr and its members shaped the field of media and communications research from its beginnings focusing on the mass media including the press and journalism education

today the association attracts researchers and practitioners who undertake critical analysis of contemporary media and communications including online platforms and their governance consistent themes throughout the association s history have been its concern with human rights law culture and the political economy of the media and communication industries not content simply to understand developments in the media and communications field around the world the association s membership has sought to change the world through its published research and its participation in global regional national and local policy debate and practice this volume is organised in four parts following an introduction authored by editors who are active members of iamcr part i highlights eight prominent scholarly traditions of research which have attracted the interest of scholars from around the world as well as the way the association has sought to be inclusive of early career scholars part ii offers seven chapters which bring to light the political struggles of a membership seeking to engage in scholarship across the east west divide and to contribute to global debates aimed at fostering an inclusive fair and equitable international information and communication order through engagement with united nations sponsored initiatives part iii turns to accounts of the way members from selected countries and regions have contributed to the association s scholarly work the last part highlights the significant scholarly and institution building contributions of james halloran iamcr s president from 1972 to 1988 and other prominent contributors to the study of culture and the political economy of media and communications

this book is about the most vibrant yet under studied aspects of indian writing today it examines multilingualism current debates on postcolonial versus world literature the impact of translation on an indian literary canon and indian authors engagement with the public sphere the essays cover political activism and the north east tribal novel the role of work in the contemporary indian fictional imaginary history as felt and reconceived by the acclaimed hindi author krishna sobti bombay fictions the dalit autobiography in translation and its problematic international success development ecocriticism and activist literature casteism and access to literacy in the south and gender and diaspora as dominant themes in writing from and about the subcontinent troubling eurocentric genre distinctions and the split between citizen and subject the collection approaches indian literature from the perspective of its constant interactions between private and public narratives thereby proposing a method of reading indian texts that goes beyond their habitual postcolonial identifications as national allegories

the digital review of asia pacific provides an overview of how information and communication technology ict is being diffused throughout the asia pacific region to facilitate socio economic development this third annual review provides an analytical overview of the state of ict4d in the asia pacific region it covers 31 countries and economies including for the first time north korea each country is dealt within a separate chapter which attempts to provide comprehensive coverage of the various aspects of ict4d in the concerned country at the time of writing in 2006 the chapters have been written by a team of authors representing different sectors such as government academia industry and civil society

natural language processing and information retrieval is a textbook designed to meet the requirements of engineering students pursuing undergraduate and postgraduate programs in computer science and information technology the book attempts to bridge the gap between theory and practice and would also serve as a useful reference for professionals and researchers working on language related projects

it undertakes re readings of the past debates and anticipations of the future ones to arrive at assessments that suggest soberiety and a cool consideration of the cold touch of the machine as well as the heat of the fuel that animates it it examines blueprints and reads the road maps to the future that lie before us
