since the coming of gautama buddha eastern mystics have spoken especially about a future condition when earth will be bathed in a moral etheric atmosphere ever since the time of the ancient rishis they had hoped that this moral impulse would come to earth from vishva karman or from ahura mazda as zarathustra proclaimed eastern mysticism foresaw that this moral atmosphere would come to earth from the being we call the christ eastern mystics had set their hopes on the being of christ rudolf steiner p 125 the first chapter of the acts of the apostles describes christ s ascension and a cloud received him out of their sight as the disciples were looking up two angels appeared and said the same jesus taken up from you into heaven shall come again in the same way as you have seen him go starting in 1910 rudolf steiner initiated a series of lectures announcing the advent of christ s appearance in the sphere of the earth s etheric or life body this he said would begin between 1930 and 1940 but at first only a few people would be aware of it in time more and more people regardless of their religious affiliation would be infused by christ s living presence such damascus experiences bespeaking a new natural clairvoyance steiner said would become increasingly common the christ will become a living comforter though it may seem strange now it is nevertheless true that even large numbers of people sitting together and wondering what to do will see the etheric christ he will be there and confer with them he will cast his word into their gathering we are approaching these times when this positive constructive element will take hold of human evolution rudolf steiner p 122 the lectures collected here on the second coming of christ also contain significant related issues such as spiritual science and etheric vision the etheric vision of the future the sermon on the mount and the land of shambhala the etherization of the blood the mysteries of comets and the moon buddhism and pauline christianity and the three realms between death and rebirth

it is commonly accepted that the mission of christ was an act that was independent of any corresponding and requisite deed on the part of humanity though in part this is true this book asserts that the future spiritual evolution of humanity was dependent on human comprehension and understanding of the event of golgotha comprehension and understanding are defined in this work as one s capacity to spiritually follow christ through his entire passion death and resurrection the apostles were chosen for this very task but eventually failed at the critical hour golgotha esoteric christianity young man in tomb birth of jesus evolution of christ richard distasi

the being whom we call christ once walked the earth in flesh and blood at the beginning of our era he will never again return in a physical body for that was a unique event and will not be repeated but he will come again in an etheric form in the period i have mentioned people will learn to perceive christ by virtue of growing towards him through this etheric perception many contemporaries were unaware of christ s incarnation on earth at the beginning of the modern era and today says rudolf steiner many remain ignorant of the most important event of our time the appearance of christ in the etheric or life realm of the earth fundamentalist and millennial groups await a second physical incarnation while atheists and materialists deny spirit altogether nevertheless an incisive transformation is taking place in the human soul that will lead to an emerging clairvoyance just as paul perceived christ at damascus so may every human being experience him today
