this issue of the ministry contains a complete record of the nine messages given in auckland new zealand during the international training for elders and responsible ones in october 2004 the general subject of these messages is the uniqueness of the lord s recovery see the ministry february 2004 and june 2004 the burden for these messages can be summarized in the following fellowship from message one from excerpts of practical talks to the elders by witness lee we don t know how long the coming days will be only the lord knows but for as long as the lord carries the recovery will be on this earth with these future days and future new ones especially in mind i feel there needs to be a basic vision or basic knowledge of the lord s recovery just five years ago a distraction came in which confused some dear ones who were concerned for the lord s recovery since such a thing could happen in the past right before our eyes how can we have the assurance that such a thing will not be repeated in the future thus while the lord still grants me the days i would like to do as much as i can to put things clearly into writing then the dear ones who are in and who will be brought into the lord s recovery can have a clear view about what it is pp 51 52 god is unique his plan is unique his work is unique his way to carry out his work is unique and the very instrument used for his way is the ministry thus this ministry is also unique in the new testament there is the unique christ the unique way and the unique focus to carry out the unique circumference the church by the unique ministry p 57 in the lord s recovery we are doing one work carrying out one ministry we are serving one lord worshipping one god we are in his unique plan in his unique economy in his unique work in his unique way we minister his unique focus p 60 if we are not in the focus and if we do not experience what we preach to others we face two perils one sooner or later there will be divisions two if we don t practice the focal points the saints have no way to practice them the things we teach will eventually become doctrines in the lord s recovery there will be no reality the recovery will be just empty if we don t care for the lord s recovery by paying heed to all these unique points then we will care for the spreading of our work to care for the spread of our work is dangerous it will produce different works to build up different ministries then division will

result i am fearful and trembling of these two perils the peril of different works being produced to cause division and the peril of emptiness pp 62 63 may the lord speak to us in these messages to show us the uniqueness of his recovery may the lord keep us secure in this vision and may he keep his recovery from division and from emptiness last of all in the sections regarding reports and announcements we include a schedule of the upcoming conferences and trainings in europe for 2005

this is god speaking for himself about himself and about you without any of man s opinions or interpretations here you will see god s opinion of mans stewardship of his world his almost incredible promises for every facet of life and well being and the consequences of just not caring what he says even on his church for its failure to get his message across to the nations for the christian who has got off track and knows it for christians who think they are on track and want to stay on it for anyone else to find out what christianity is really all about and how it affects everyone for you whether you want to skate about on the surface of god s intentions or to push through and plumb the depths of who god is your relationship with him and to immerse yourself in him

the building of god is a crucial line of truth throughout the scriptures god s building is the mingling of god and man this profound revelation can be seen in jacob s dream in genesis 28 and can be traced throughout the book of john as well as in the teachings of the epistles
