the majority of american women supported the allied cause during world war ii and made sacrifices on the home front to benefit the war effort but u s intervention was opposed by a movement led by ultraright women whose professed desire to keep their sons out of combat was mixed with militant christianity anticommunism and anti semitism this book is the first history of the self styled mothers movement so called because among its component groups were the national legion of mothers of america the mothers of sons forum and the national blue star mothers jeansonne examines the motivations of these women the political and social impact of their movement and their collaborations with men of the far right and also with mainstream isolationists such as charles lindbergh drawing on files kept by the fbi and other confidential documents this book sheds light on the history of the war era and on women s place within the far right

according to susan deller ross many human rights advocates still do not see women s rights as human rights yet women in many countries suffer from laws practices customs and cultural and religious norms that consign them to a deeply inferior status advocates might conceive of human rights as involving torture extrajudicial killings or cruel and degrading treatment all clearly in violation of international human rights and think those issues irrelevant to women yet is female genital mutilation practiced on millions of young girls and even infants not a gross violation of human rights when a family decides to murder a daughter in the name of honor is that not an extrajudicial killing when a husband rapes or savagely beats his wife knowing the legal authorities will take no action on her behalf is that not cruel and degrading treatment women s human rights is the first human rights casebook to focus specifically on women s human rights rich with interdisciplinary material the book advances the study of the deprivation and violence women suffer due to discriminatory laws religions and customs that deny them their most fundamental freedoms it also provides present and future lawyers the legal tools for change demonstrating how human rights treaties can be used to obtain new laws and court decisions that protect women against discrimination with respect to employment land ownership inheritance subordination in marriage domestic violence female genital mutilation polygamy child marriage and the denial of reproductive rights ross examines international and regional human rights treaties in depth including treaty language and the jurisprudence and general interpretive guidelines developed by human rights bodies by studying how international human rights law has been and can be implemented at the domestic level through local courts and legislatures readers will understand how to call upon these newly articulated human rights to help bring about legislation court decisions and executive action that protect women from human rights violations
